Professional Summary

AI-driven technical content writer with 15+ years of experience creating technical documentation, API references, digital adoption flows, and technical blogs. Skilled in leveraging AI such as Copilot and IBM Bob for content generation, UX writing, translation, summarization, and usability improvements. Recognized for delivering user-centered content in agile environments, enhancing product adoption, and ensuring that documentation meets enterprise standards. Wrangled code samples to create usable API documentation for native library APIs and RESTful APIs.

Core Competencies

- DITA-based authoring, minimalism, and single-sourcing
- API documentation (RESTful and C++)
- Digital adoption solutions (WalkMe and GIFs)
- Technical blogs
- Video tutorials
- UX writing and alpha testing
- AI-driven content development

Technical Skills

- **Authoring:** DITA, Markdown, Oxygen XML, XMetal, Adobe FrameMaker, MadCap Flare, RoboHelp, Confluence
- **API:** Postman, Swagger, HTTPie, Thunder Client, Doxygen, Markdown
- **Content management:** GitHub, GitLab, SharePoint, Vasont, Trisoft, Perforce
- **Design:** Figma, Camtasia, Snagit, Canva, Illustrator, Visio
- **Languages:** Python, C++, SQL
- **Style guides:** Microsoft Manual of Style and other proprietary guides

Professional Experience

IBM India Pvt Ltd | Lead Technical Content Professional (Jun 2023 – Present)

- Own end-to-end documentation for generative AI and automation software solutions (watsonx Orchestrate and Watson Discovery).
- Apply AI for productivity such as in content generation and review, translation, summarization, markdown-to-DITA conversion, and other content development activities.
- Develop UI text, API references, tutorials, and digital adoption flows.
- Conduct alpha testing of APIs using Thunder Client and HTTPie.
- Deliver quality content for bi-weekly product releases, keeping up with tight deadlines.
- Improve usability by incorporating customer feedback.
- Lead the content team and mentor junior writers.
- Contribute articles to the team playbook.

Additional Experience Summary

- Hewlett Packard Enterprise | Lead Information Developer (Aug 2021 – Jun 2023)
- ServiceNow, Bangalore | Staff Technical Writer (Aug 2020 – Aug 2021)
